Manufacturer & Supplier
Ammonia Liquor & Ammonia Gas

WE
THE

SURYA CHEM

Surya Chem stands as a distinguished provider of ANHYDROUS AMMONIA and manufacturer of LIQUOR AMMONIA, adept at meeting the needs of various sectors across the nation. Our commitment lies in offering premium, eco-friendly solutions tailored to meet the demands of all ammonia-related processes. We earnestly invite you to consider us as your dependable ally in pursuit of excellence and sustainability.

Established in 1996, Suryachem has maintained its presence in the ammonia supply industry since its inception. With a distinguished history of serving major chemical corporations across the nation, Surya chem has established itself as a prominent supplier, dealer, and transporter of anhydrous ammonia (NH₃), in addition to being a manufacturer of liquor ammonia (NH₄OH). This has been achieved through a comprehensive network that extends throughout the country.
